Re: George and Antonia Pavia (Pavia)
And Affiliates

Ref: The Madden Court

Judge Madden:

I write to your Court as the temerity and gravity of your continual backroom meddling and interfering into my rights pursuant to the Constitution of the United States, Uniform Rules of the Unified Court, and Rules of the Judiciary, continues to damage me, my business and my health.

I will not in this brief letter rehash the charade you orchestrated for the Pavia's favor by using me as a scapegoat and your railroading of my rent stabilized tenancy in the Pavia brownstone 18 East 73rd Street. The Pavia's are a now well documented Machiavellian pair of sociopaths who have, inter alia, been found by the ECB Court to be perjurers, and who have also engaged in tax evasion and forgery at the Department of Buildings. It is sufficient to say, and a plethora of documentary evidence proves, that you systematically precluded (in your Court) material evidence of: a) my health; b) the findings of Pavia's perjury at the ECB Court; c) findings that the greenhouse was found to be **hazardous** by no less than 7 Department of Buildings Inspection and Hearings; d) the trickery involving Fatima Amir and the farcical supposed "in limine" hearing; e) the supposed "nuisance" related to my faxed to Pavias' office letters; and a truckload of your courtroom deceptions, machinations, and your methodical misleading of the jury in the Pavia Courthouse farce.

This, of course, all spawned from a yet unproven supposed Pavia initial claim of a "leak" and undocumented \$25,000 damage which somehow vanished and metamorphosized into a hijacked nuisance claim thanks to the "gamesmanship" of your friend Jay Ithowitz Esq. and thereafter Kenneth V. Gomez Esq., a proved threatening stalker and thief of Medicare funds. I suspected your devious bias and collusion early on, much of which has been reported in numerous internet and other news organizations (with proof of the Pavias' compromising activities), but I chose to wait and watch.

That said, I am also very cognizant of your continued malicious meddling into my personal business and my litigations in the Unified Courthouse. On information and belief, you have interfered and damaged me with various courtrooms at 60 Centre Street; Referees, Judges, and even to the Appellate Division. You know who these persons are and since these matters

are, on information and belief, subject to Law Enforcement review, I will not reveal names now. I will state the following. On information and belief, RICO and other reviews are ongoing now related to these issues, including but not limited to ex parte interactions involving this Court, Pavias, Ithowitz, Gomez, Dr. Weintraub, Joseph M. Burke, Russo and Burke and others.

Accordingly, I formally advise you to please cease and desist your continued spite and malice and your meddling into my activities in the Unified Courts. Such interferences by you violate my rights to due process, unfettered access to the Courts, and my rights under the US Constitution; and your actions are causing me significant loss, injury, and damages. It seem your vengeance has gotten the better of you.

Of course, I welcome any denials by you of these representations herein, but since you are "clever" and will, I'm sure, think of more poisonous activities; except that the veritable can of worms are now open and I think Big Brother is watching. I thank you for your prompt attention to these matters.
